Can my application be disqualified due to formalities?

Yes, AHC automatically dismisses applications that:

- are submitted in more than one file
- are not in PDF format
- do not adhere to our application guidelines

For example: If we request a one-page CV, applications containing a two-page CV will be automatically dismissed. We therefore ask applicants to pay close attention to the specifications given regarding the length of the requested documents, their format and language, the form we provide, and any geographical restrictions.

Furthermore, we only accept professional artists to the residency, meaning artists who have graduated from an art school or educational programme related to their artistic practice.

Will I be notified if my application is invalid?

If there are issues with the format of your application and you submit it before the deadline, we will do our best to inform you. For your application to be valid, the application must be corrected and resubmitted before the deadline. We do not accept corrected applications submitted after the deadline.

I am an artist with a practice centred on performing arts (theatre, dance, physical performances). Can I apply?

Please consider whether the facilities described in the open call will suit your practice.
